

How To: Receive Twitter Outage Notifications From CDE On Your Cell Phone

1. You will first need to establish a Twitter account for yourself online.
 - a. Visit twitter.com
 - b. Click **Sign Up**
 - c. Complete the requested information and click **Create My Account**

2. Once you have established your Twitter account:
 - a. Select the **Settings** tab (located either along the top of the screen, or in the drop down menu under your Twitter user name depending on your version)
 - b. Select the **Mobile** tab
 - c. Enter your cell phone details (include area code) and click **Verify** or **Start**
 - d. Follow the onscreen instruction to verify (Text the word “Go” to 40404)
 - e. You will receive a text message verifying your account
 - f. Finish the preferences online. Confirm the **tweets from people you have enabled for mobile notifications** box is checked, then click **Save**.

3. Select the option stating you would like to receive mobile tweets from CDE. There are two ways to manage this:
 - a. **ONLINE:** Navigate to the CDE Twitter page <http://www.twitter.com/CDELightband> and select the cell phone icon in the grey bar under our name. If the icon is green, it means you will receive our tweets via text. If it's grey, you will not.
OR
 - b. **PHONE:** Text the words “**FOLLOW CDELightband**” to 40404. You will begin receiving our tweets.

If you ever wish to STOP receiving CDE tweets, text the words “LEAVE CDELightband” to 40404, or deselect the phone icon on our Twitter homepage.
