

CLARKSVILLE DEPARTMENT OF ELECTRICITY

Operating Policy No. 2-22a

Subject: Meter Seals

Policy:

CDE Lightband will use security seals on all meters to prohibit public access to meters, meter bases, and metering equipment. The seal prohibits unauthorized access to potentially hazardous voltages.

When a meter seal is discovered to have been cut by an unauthorized individual, charges contained in Policy 2-5 will apply. If tampering or theft of service is suspected, the provisions of Policy 2-22 will apply.

Only CDE Lightband employees and its contractors are authorized to cut CDE Lightband meter seals. The only exception is for emergency responders needing to pull a meter in the case of a fire.

Approved February 25, 2009
